

## Travel Like A Rock Star! Get a VIP Pass to Family Attractions

Everyone likes to travel like a VIP. Here's how: Before you go on a family trip, purchase a Go Card . This will save you time trying to figure out where to go and how much to budget.

For example, if you are going to Orlando you can get VIP access to more than 50 top attractions. Many of them are off-the-beaten path places like Gatorland, WonderWorks, Ripley's Believe It or Not! And Cypress Gardens Adventure Park. The card allows entry to stops you may never have thought of otherwise. It's a great "secret" resource and takes hours out of trip-planning.

The great thing about these cards is that you can do what you want to do when you want to do it. You can visit as many attractions on the card as you want to in one day. And, you do save travel dollars.

Oftentimes, I call the concierge to figure out where to go each day. I waste so much time waiting for him or her to call me back. Then, I waste time waiting in line at the concierge desk. My kids start running around the lobby and grabbing brochures and I can't even focus!

This card really does take the hassle out of planning your days. I know I don't have time to think these things out once I am in my destination city. GoCardsUSA will also send you travel guides to your city of choice, which saves you money and a trip to the bookstore! The cards allow you to make a tailor-made visit for your family, and not feel any added pressure because you have pre-paid for the card. Your wallet can stay shut at the admission gates. And, you save more than 40 percent on a three-day pass.
